THE HONEST TAKE — WHY WE BUILT THIS —

YELP SUCKS.

*AND LOCAL OWNERS DESERVE BETTER.

Here's the directory that doesn't.

Yelp built a $1B business on pay-to-play reviews, 12-month ad contracts, and CPC bidding wars that drain $660–$1,700 a month from local owners. Localservices.tech is the opposite — flat rate, no contracts, every honest review stays visible.
